PEFAC's FUTURE IS SECURE

FAQ#6, June 12th, 2026

PEFAC's Board of Directors is pleased to tell you that PEFAC's future is secure.

While it has taken longer than hoped, the Board has recently approved and signed a new 15-year lease meaning that PEFAC will continue to rent the premises for the foreseeable future. This new lease means that, even if the property is sold, PEFAC can continue to rent the premises.

The Board is continuing to consider options for a permanent home for PEFAC, including the possible use of Community Bonds in support of the purchase of the property and future growth.

Thank you very much for your support and assistance as we have navigated these challenging times, and we look forward to PEFAC providing essential aquatic and fitness services to our community for many years to come.
